small changes for a better life

small changes  
for a better life

Does a sustainable life require time and sacrifice?

We want to prove that this is not always the case.

We believe in simple solutions that matter. Whether it's waste segregation or the arrangement of your living space, KEDEN products are beneficial both for the environment and for your well-being in your immediate surroundings.

Systema

Create order in your home to inspire creativity.

Tidiness in your surroundings means more space for you and your ideas

Systema stands as our bestselling product line, meticulously crafted for efficient waste segregation. The containers boast a modular design, offering a freely configurable standalone setup. Tailored dimensions ensure compatibility with standard furniture systems, making them suitable for compact, narrow installations. Many of our models come equipped with dedicated hangers featuring a versatile hanging system, enabling effortless wall or furniture front mounting.

## Model NKS12

- waste bin with lid
- the attached functional frame securing the waste bag inside the container flange
- functionality and comfort of use
- modular form and regular shapes allow for free configuration in cabinets or drawers
- partially made of plastic obtained in the recycling process
- surface resistant to alcohols, fats and oils
- the inside of the container is easy to clean with warm water and mild detergent

## Model NKS30

- waste bin with lid
- the attached functional frame securing the waste bag inside the container flange
- dedicated 2 hangers for mounting the container on the wall or furniture fronts
- functionality and comfort of use
- modular form and regular shapes allow for free configuration in cabinets or drawers
- partially made of plastic obtained in the recycling process
- surface resistant to alcohols, fats and oils
- the inside of the container is easy to clean with warm water and mild detergent

## Model NKS30W2

- waste bin with lid
- 2 practical inserts with solid ABS plastic handles, available in different colors for easy segregation
- base with feet for a free-standing system
- 2 dedicated hangers for mounting the container on walls or furniture fronts
- functionality and comfort of use
- partially made of plastic obtained in the recycling process
- surface resistant to alcohols, fats and oils
- the inside of the container is easy to clean with warm water and mild detergent

## Model NKS45W2 / NKS45W3

- waste bin with lid
- 2 or 3 practical inserts with solid ABS plastic handles, available in different colors for easy segregation
- base with feet for a free-standing system
- 2 dedicated hangers for mounting the system on the wall
- functionality and comfort of use
- partially made of plastic obtained in the recycling process
- surface resistant to alcohols, fats and oils
- the inside of the container is easy to clean with warm water and mild detergent

## Model NKS60W2 / NKS60W3 / NKS60W4

- waste bin with lid
- 2, 3 or 4 practical inserts with solid ABS plastic handles, available in different colors for easy segregation
- base with feet for a free-standing system
- modular construction, functionality and comfort of use
- partially made of plastic obtained in the recycling process
- surface resistant to alcohols, fats and oils
- the inside of the container is easy to clean with warm water and mild detergent
